

MASTER PROMPT - INDLU / IND025 DRAWING PACKAGE STYLE

Extracted from: INC025_ELLEN_FAKUDE_CONSTRUCTION.pdf (52 pages) + INDLU_Drawing_package_0005_Mavis_rev1.pdf (15 pages)

1. CORE IDENTITY PROMPT (Use this for any AI image / CAD generation tool)

...

Create a professional municipal building plan drawing package in the style of "INDLU - 81 BOTTERKLAPPER STR, THE WILLOWS 340-JR, PRETORIA, 0081" architectural office.

STYLE REFERENCE:

- Sheet Size: A4, black thin border 5mm inside
- Title Block: Bottom strip divided into 3 columns
 - Left: Office address "81 BOTTERKLAPPER STR, THE WILLOWS 340-JR, PRETORIA, 0081"
 - Middle: CLIENT NAME: [PROJECT NAME], DRAWING DESCRIPTION: [SHEET TYPE], bold red stamp "FOR INFO ONLY" centered
 - Right: PROJECT No.-DRW No.: [CODE], SIZE: A4, DRAWN: AVK, CHECKED: WK, REV: triangle symbol
- Green logo "i" bottom right, with sheet name vertical: e.g. "02-FIRST FLOOR" "1:75"
- Font: Arial / SANS, all caps for room names, 300mm window notation, door arcs 90 degrees
- Line weights: Walls = 0.5mm thick hatch (diagonal for brick), internal walls 230mm / 110mm
- Dimension style: Continuous outside building, 2 lines, arrow heads, numbers in mm (e.g. 2540, 1000, 7000)
- Room Labels: Format -> ROOM NAME + Area + Size e.g.
STANDARD ROOM
10.52 m²
2720 X 4115
- Include "REF TO DETAIL XXX" on side
- Hatch: Wall hatching dense diagonal, surface beds "85mm THK SURFACE BED WOOD FLOAT FINISH"
- Symbols: Electrical symbols (light, switch, socket), plumbing (WC, basin, gully, 110mm CE, 110mmø), North arrow

CONTENT LIST - MUST GENERATE IN ORDER:

PAGE 1: COVER / ISSUE SHEET

- Project: GUEST APARTMENTS / DOUBLE STOREY RESIDENTIAL
- Erf details, Township, Municipality (City of Johannesburg / Tshwane)
- Table: DRAWING NO | DRAWING TITLE | SIZE | DATE | REVISION NUMBER
- List all sheets below

PAGE 2: SITE PLAN 1:200 / 1:250

- Show Erf boundary 22.40m x 9.00m, street names, entrance, existing buildings, municipal sewer line, water meter, power pole, wire fence, tap water, gully
- Label: EXISTING BUILDING, NEW BUILDING, NEW PARKING, UPGRADE TOILET, 202 m², ERF 8421
- Show sewer connection with 110mm CE pipes

PAGE 3: GROUND FLOOR PLAN 1:75

- Layout: 4x STANDARD ROOM + 1x BACHELOR + PASSAGE + TOILET
- Each room ~9.89-12.77 m², size 2540x4040, 2540x3900 etc
- Passage 9.84 m², 1230 x 9110
- Doors: D-1, D-2 813x2032, Windows: W-1 etc 1000x1000, 600x600
- Show 300mm external walls

PAGE 4: FIRST FLOOR PLAN 1:75

- Same layout as ground floor stacked
- Include "NO CEILING" note in passage for double volume if needed

PAGE 5: FOUNDATION PLAN 1:75

- Strip footings 600mm wide, show foundation widths
- Refer to general notes for foundation specs
- Label: 600, 10259, 600 etc

PAGE 6: ROOF PLAN 1:75 / 1:100

- Show roof outline, gutter lines, downpipes, roof sheeting direction
- Pitch indication

PAGE 7: CEILING PLAN 1:75

- Show ceiling boards, bulkheads, "NO CEILING" void

PAGE 8-11: ELEVATIONS (NORTH, SOUTH, EAST, WEST) 1:75

- Show 2 storey height: Ground 2700mm, First floor slab, total height 5430-5630mm
- Show windows, doors, roof line, finished ground level 0, 2550, 5430
- Label materials: Plaster and paint

PAGE 12-13: SECTIONS A-A, B-B 1:75

- Cut through passage and rooms, show foundation 600x300, surface bed 85mm, wall heights, roof truss, ceiling 2400mm, window sill 800mm
- Labels: Saw cut positions beneath internal walls, SC-1.1, SC-7, SC-8
- Show "SHAPE SURROUNDING FINISH TO 1:100 AWAY FROM BUILDING"

PAGE 14: ELECTRICAL PLAN - GROUND & FIRST FLOOR 1:75

- Show DB board, lights, switches (1-way, 2-way), sockets, TV point, external light

PAGE 15: PLUMBING / DRAINAGE PLAN

- Show hot/cold water, waste pipes 40mm, 110mm, gully, inspection eye, sewer connection

PAGE 16: DOOR & WINDOW SCHEDULE

- Table with type, size, quantity, material (Aluminium / Wood)

PAGE 17: ROOM SCHEDULE + AREA CALCULATIONS

- List each room area m², total building area

PAGE 18: BOQ / SPECIFICATION NOTES / LEGEND

- General notes SANS 10400 compliant, wall type, roof covering, electrical compliance

PAGE 19-20: 3D VIEWS / PERSPECTIVES

- Isometric exterior view, simple white render

MUNICIPAL REQUIREMENTS FOOTER:

- "FOR INFO ONLY" in red
- SANS 10400, National Building Regulations compliant
- Scale bar, North arrow on site plan

...

2. FILL-IN-THE-BLANK TEMPLATE FOR NEW BUILDING

...

PROJECT NAME: [e.g. GUEST APARTMENTS Block B]

CLIENT: [e.g. INDLU / Client Name]

ERF NO: [e.g. Erf 1179 Kaalfontein Ext 2]

ADDRESS: [e.g. 54 Blue Tank Street]

MUNICIPALITY: [City of Johannesburg / City of Tshwane]

ERF SIZE: [e.g. 9.00m x 22.40m = 202 m²]

TITLE DEED: [T 72266/2001]

PROJECT CODE: INC025- [xxx] (105 = ceiling, 106 = electrical, 101 = ground floor, 102 = first floor, 103 = site, 104 = roof)

BUILDING TYPE: [Single storey / Double storey, 4x Standard Room + Bachelor + Communal Toilet]

ROOM SIZES:

- Standard Room 1: 2540 x 3900 = 9.91 m²
- Standard Room 2: 2540 x 4000 = 9.89 m²
- Bachelor: 2540 x 4840 = 12.27 m²
- Passage: 1000 x 7090 = 7.09 m²
- Toilet: 1000 x 2060 = 2.06 m²

WALLS: 230mm external brick, 110mm internal, 85mm surface bed

FOUNDATION: 600mm wide strip footing, 600mm deep

WINDOWS: 600x600, 1000x1000, 1020x1000

DOORS: 813x2032 internal hollow core, external steel

Keep all drawing style identical to original INDLU pack.

3. AI TOOL-SPECIFIC PROMPTS

For MidJourney / DALL·E / Stable Diffusion (Architectural Plan Image):

architectural floor plan blueprint, black and white, 1:75 scale, 4 standard rooms labeled STANDARD ROOM 10.52 m² 2720 X 4115, passage, toilet, bachelor, wall hatching, dimension lines outside with mm values, title block bottom with CLIENT NAME: INDLU ELLEN FAKUDE, PROJECT No. INC025-105, SIZE A4, FOR INFO ONLY red stamp, professional municipal submission drawing, SANS compliant, clean vector --style technical drawing

For ChatGPT / Claude to generate AutoCAD script or PDF layout:

You are a South African architectural technician. Generate a full drawing package PDF with the exact title block and layout as described in the MASTER PROMPT. Use Python library reportlab or ezdxf to create A4 sheets. Each sheet must have the border, title block with 81 BOTTERKLAPPER address, project number INC025-XXX, drawn AVK checked WK, green INDLU logo. Generate sheets: Site Plan, Ground Floor, First Floor, Foundation, Roof, Ceiling, 4 Elevations, 2 Sections, Electrical, Plumbing, Schedules. Dimensions must be in mm, room labels must be format as per template.

For Portfolio Version (No Dimensions):

Take the full INDLU drawing pack and create portfolio version: DELETE all numeric dimension texts (all mm values, all m² areas, all X sizes) but keep room names, wall hatching, title block, and red FOR INFO ONLY. Add footer "PORTFOLIO - DIMENSIONS REMOVED - NOT FOR CONSTRUCTION". Keep scale 1:75 label but no numbers.

4. KEY VISUAL ELEMENTS TO COPY

- **Title Block Font**: Bold Arial for CLIENT NAME, regular for details
- **Red Stamp**: FOR INFO ONLY in 16pt red bold, centered in middle block
- **Green Logo**: Lowercase 'i' with square, rotated 90 deg sheet label e.g. "GROUND FLOOR ELECTRICAL 1:75"
- **Wall Hatch**: Dense diagonal for 230mm walls, label G-1, C-1, TV, A1
- **Electrical**: Curved door swing, light point with line to switch, socket 300mm above floor
- **Foundation**: Dashed lines for footing below, label 600, SC-1.1 notes
- **Section**: Show 110mm CE pipe, gully, power pole symbol

5. VARIABLES TO CHANGE FOR NEW PROJECT

Replace these in every sheet:

[CLIENT NAME], [PROJECT No.-DRW No.], [DRAWING DESCRIPTION], [Erf details], [Room areas], [Site dimensions 22.40m etc], [Window sizes], [Date]

Keep constant:

Office address, Drawn/Checked names, A4 size, FOR INFO ONLY, Style, Scales, Hatch, Green logo style

Use this prompt to generate identical packs for any new building by only changing the [brackets].
